Licence Agreement

END-USER LICENCE AGREEMENT FOR VIZPRAISE SOFTWARE

IMPORTANT-READ CAREFULLY: This End-User Licence Agreement is a legal agreement between you (either an individual or an organisation) and SpiderWebSoftware for the 'VizPraise' software product, which includes computer software and may include "online" or electronic documentation, associated media, and printed materials ('SOFTWARE PRODUCT'). By installing, copying, or otherwise using the SOFTWARE PRODUCT or any UPDATES (as defined below), you agree to be bound by the terms of this agreement. If you do not agree to the terms of this agreement, do not install, copy, or otherwise use the SOFTWARE PRODUCT; you may, however, return it for a full refund. In addition, by installing, copying, or otherwise using any updates or other components of the SOFTWARE PRODUCT that you receive separately as part of the SOFTWARE PRODUCT ('UPDATES'), you agree to be bound by any additional licence terms that accompany such UPDATES. If you do not agree to the additional licence terms that accompany such UPDATES, you may not install, copy, or otherwise use such UPDATES.

SOFTWARE PRODUCT LICENCE
The SOFTWARE PRODUCT is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties.
The SOFTWARE PRODUCT is licensed, not sold.
NOTE: The terms of a printed, paper agreement which may accompany the SOFTWARE PRODUCT supersede the terms of any on-screen agreement found within the SOFTWARE PRODUCT.

1. LICENCE TO USE SOFTWARE PRODUCT.
1.1 General Licence Grant. If you received the SOFTWARE PRODUCT under a retail licence, SpiderWebSoftware grants to you as an organisation, a nonexclusive licence to make and use copies of the SOFTWARE PRODUCT for the sole purposes of preparing and presenting material for live worship in the context of the congregation or event(s) for which this licence was granted. You may install copies of the SOFTWARE PRODUCT on an unlimited number of computers provided that you are the only organisation using the SOFTWARE PRODUCT.

1.2 Evaluation Licence Grant. If you received the SOFTWARE PRODUCT under an evaluation licence, SpiderWebSoftware grants for a limited period of time designated by SpiderWebSoftware, to you as an organisation, a nonexclusive licence to make and use copies of the SOFTWARE PRODUCT for the sole purposes of evaluating the software in order to assess its suitability for use under a general licence in the context of the congregation or event(s) for which this licence was granted. You may install copies of the SOFTWARE PRODUCT on an unlimited number of computers provided that you are the only organisation using the SOFTWARE PRODUCT.

1.3 Documentation. This agreement grants you, as an organis ation, a nonexclusive licence to make and use an unlimited number of copies of any documentation, provided that such copies shall be used only for personal purposes and are not to be republished or

distributed (either in hard copy or electronic form) beyond the user's premises.
1.4 Storage/Network Use. You may also store or install a copy of the SOFTWARE PRODUCT on a storage device, such as a network server, used only to install or run the SOFTWARE PRODUCT on computers used by a licensed end user in accordance with
Section 1.1.

2. DESCRIPTION OF OTHER RIGHTS AND LIMITATIONS
2.1 Not For Resale Software. You may not resell, or otherwise transfer for value, the SOFTWARE PRODUCT.
2.2 Limitations on Reverse Engineering, Decompilation, and Disassembly. You may not reverse engineer, decompile, or disassemble the SOFTWARE PRODUCT, except and only to the extent that applicable law notwithstanding this limitation expressly permits such activity.
2.3 Rental. You may not rent, lease or lend the SOFTWARE PRODUCT.
2.4 You may not resell, rent, lease, lend or otherwise distribute evaluation copies of the SOFTWARE PRODUCT outside of your organisation.
2.5 Trademarks. This agreement does not grant you any rights in connection with any trademarks or service marks of SpiderWebSoftware.
2.6 Support Services. SpiderWebSoftware may provide you with support services related to the SOFTWARE PRODUCT ("Support Services"). Use of Support Services is governed by the SpiderWebSoftware policies and programs described in the user manual, in "online" documentation and/or other SpiderWebSoftware-provided materials. Any
supplemental software code provided to you as part of the Support Services shall be
considered part of the SOFTWARE PRODUCT and subject to the terms and conditions of this agreement.

2.7 Separation of Components. The SOFTWARE PRODUCT is licensed as a single product. Its component parts may not be separated for use by more than one user.
2.8 Termination. Without prejudice to any other rights, SpiderWebSoftware may terminate this agreement if you fail to comply with the terms and conditions of this
agreement. In such event, you must destroy all copies of the SOFTWARE PRODUCT and all of its component parts.

3. UPGRADES. If the SOFTWARE PRODUCT is labelled as an upgrade, you must
be properly licensed to use a product identified by SpiderWebSoftware as being eligible for the upgrade in order to use the SOFTWARE PRODUCT. A SOFTWARE PRODUCT labelled as an upgrade replaces and/or supplements the product that formed the basis for your eligibility for the upgrade. You may use the resulting upgraded product only in
accordance with the terms of this agreement. If the SOFTWARE PRODUCT is an
upgrade of a component of a package of software programs that you licensed as a single product, the SOFTWARE PRODUCT may be used and transferred only as part of that single product package and may not be separated for use by more than one user.

4. COPYRIGHT. All title and intellectual property rights in and to the SOFTWARE PRODUCT (including but not limited to any images, photographs, animations, video, audio, music, text, songs, hymns, Bible, and "applets" incorporated into the SOFTWARE PRODUCT), the accompanying printed materials, and any copies of the SOFTWARE PRODUCT are owned by SpiderWebSoftware or its suppliers. All title and intellectual property rights in and to the content which may be accessed through use of the SOFTWARE PRODUCT is the property of the respective content owner and may be protected by applicable copyright or other intellectual property laws and treaties. This agreement

grants you no rights to use such content. All rights not expressly granted are reserved by SpiderWebSoftware.

MISCELLANEOUS

This agreement is governed by the laws of the United Kingdom. Should you have any questions concerning this agreement, or if you desire to contact SpiderWebSoftware for any reason, please contact

SpiderWebSoftware, at support@spiderwebsoftware.co.uk, or

Spiderwebsoftware, Old Lea Wharf, Peggs Lane, High Offley, Stafford. ST20 0NG

LIMITED WARRANTY

LIMITED WARRANTY. SpiderWebSoftware warrants that (a) the SOFTWARE PRODUCT will perform substantially in accordance with the accompanying written materials for a period of ninety (90) days from the date of receipt, and (b) any Support Services provided by SpiderWebSoftware shall be substantially as described in applicable written materials provided to you by SpiderWebSoftware, and SpiderWebSoftware support engineers will make commercially reasonable efforts to solve any problem. To the extent allowed by applicable law, implied warranties on the SOFTWARE PRODUCT, if any, are limited to ninety (90) days.

CUSTOMER REMEDIES. SpiderWebSoftware's and its suppliers' entire liability and your exclusive remedy shall be, at SpiderWebSoftware's option, either (a) return of the price paid, if any, or (b) repair or replacement of the SOFTWARE PRODUCT that does not meet SpiderWebSoftware's Limited Warranty and that is returned to SpiderWebSoftware with a copy of your receipt. This Limited Warranty is void if failure of the SOFTWARE PRODUCT has resulted from accident, abuse, or misapplication. Any replacement SOFTWARE PRODUCT will be warranted for the remainder of the original warranty period or thirty (30) days, which ever is longer.

NO OTHER WARRANTIES. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, SpiderWebSoftware AND THEIR SUPPLIERS DISCLAIM ALL OTHER WARRANTIES AND CONDITIONS, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT, WITH REGARD TO THE SOFTWARE PRODUCT, AND THE PROVISION OF OR FAILURE TO PROVIDE SUPPORT SERVICES. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS.

LIMITATION OF LIABILITY. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL SpiderWebSoftware OR THEIR SUPPLIERS BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, OR ANY OTHER PECUNIARY LOSS) ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE PRODUCT OR THE FAILURE TO PROVIDE SUPPORT SERVICES, EVEN IF SpiderWebSoftware HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ANY CASE, SpiderWebSoftware's ENTIRE LIABILITY UNDER ANY PROVISION OF THIS AGREEMENT SHALL BE LIMITED TO THE GREATER OF THE AMOUNT ACTUALLY PAID BY YOU FOR THE SOFTWARE PRODUCT OR U.K.£100.

A current CCL License or permission from copyright holders is required to legally project or print these songs.

System Requirements

- Intel 500 Mhz or faster processor
- Windows XP , Windows 2000, 512 RAM
- DirectX version 8 or above
- 200MB of hard disk space
- Minimum SVGS video card 800 x 600 at 16 bit colour, with at least 16MB memory
- Dual or Twin video cards if requiring to drive second Monitor (Projector)

Installation

Insert the VizPraise CD into your CD-ROM drive

The VizPraise install program should start automatically (If it does not start automatically, select Run from the Start menu and type "x:\Autorun", where <x> is your CD-ROM drive)

Getting Started

To start VizPraise simply click on the shortcut created on the Desktop or on the item under Programs in the Start Menu, created during installation. The first time you run VizPraise you will be prompted for a licence key. Enter your licence key in the box provided and click OK to start the programme. If you do not have your licence key contact SpiderWebSoftware for assistance.

When VizPraise first opens you will be presented with the main VizPraise window. (and a small preview window in the top left corner of your screen, if you do not have a second monitor connected). If a second monitor is connected and set up as your extended desktop in Windows then this will display the output from VizPraise. You are now ready to start using VizPraise.

How To

Create a Playlist

When the program first starts up, it automatically starts with a new empty playlist. If at any point you wish to go back to an empty playlist click “NEW PLAYLIST” . To add items to the playlist double click an item in one of the picker windows or type its name in the box at the top of the Word Picker window and then double click the item. To save your playlist for later use, click Save Playlist Save As.

Search for Songs

On the Word picker click ADD, you can then select the relevant folder, which has the songs in. When you have several folders in the top section of the Picker you can select which one/s to display by ticking/unticking the box on the left. The Word picker window incorporates a search facility to make locating songs easier. Simply type part of the song into the textbox and VizPraise will find it for you, or if you click on the song list you can also type and VizPraise will move to those words in the list. The search results can be added to the playlist in the same way as any other item in the picker window by double clicking. To clear the search results and go back to the file list simply delete any text you have entered or click “ALL”.

Display songs on the output screen

To start the playlist at the beginning, press the play icon on the toolbar. To start at a specific song, click on that song in the playlist and then click “PLAY”. Tip: If you press the pause button before play, you can get ready, but keep the output blank until the appropriate time. If you have Projector Control you can use that instead of the pause button to turn the display ON or Off.

Once a song is displayed, you can see on the operator view that the first line is highlighted, and the amount of the song that is visible to the audience is lightly highlighted. You can click on any line with the mouse, to highlight it, and move the audiences view if appropriate, so that that line becomes the centre of their view. You can also move up and down with the cursor keys, which is recommended as it is faster

and more accurate. If you keep the line that is being sung or about to be sung highlighted, then the software will make sure that audience always see the best possible part of the song. When a verse change occurs, you can use the number keys to select the verse (up to 9), and you can use the C key to select the chorus.

Create a new song

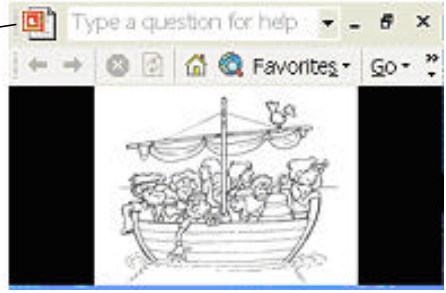
Bring up the Editor Window by clicking window | editor, to bring up an empty song editor window. Type the words of the song into the window (or cut and paste them from another application), leaving a blank line between each section (verse or chorus). To mark the type of the section use the buttons at the top of the editor window: The button labelled V indicates a verse, C a chorus. When you have finished, save the file by clicking File | Save.

PowerPoint

On the Power Point picker click ADD, you can then select the folder to load which has the Power Point Presentation in. When you have several folders in the top section of the Picker you can select which one/s to display by ticking/unticking the box on the left. Double click the Presentation to add to the playlist. The programme will handle the timings or sound within the presentation. You can also change slide/ animation by clicking the buttons or change slide by clicking the slide in the presenters view. The resolution on the Primary monitor must be higher than the second monitor (Projector) to get a full screen view when using Power Point. Before Power Point is used the first time you may have to unlock the menu/web bar. If the display shows these, then follow the following instruction:

This needs to be carried out on the display screen either 2nd Monitor or small inset screen on Primary Monitor.

Handle



Click left mouse button on handle and hold down and drag menu to centre of window then release.

Right click on lower menu to get Web Menu, then untick Web.

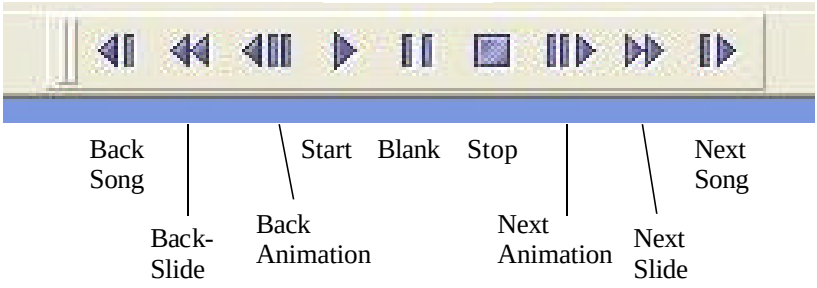
He is the Lord

Button Menu



There are eight separate forms on the main programme and these can be modified by changing position, colours, Indents, font size, as required in the options.

1. Playlist
2. PowerPoint Picker
3. Song Picker
4. Power Point showing screen
5. Words—Songs showing
6. Preview
7. Editor
8. Print Playlist. (Prints songs in Playlist for large print copy for those unable to see the display)

PlayList

Items can be deleted by selecting them and then pressing DELETE key.
You can move item up and down the list by holding left mouse button down and moving item to required position and then release button.
If you want to display a particular item select it and then click start, otherwise the list will start at the 1st item. If you select a Song and press “E” the editor will open. If you double click a song, a message box will ask you select whether to display or just view.

Power point Picker

Double click an item to add it to the Playlist. You can add folders to select items from, by clicking on add Folders in the Picker, and they can be deleted by selecting them and pressing the DELETE key. You can use the box on the left to view files in a folder by clicking the box and a tick will appear indicating those files are showing.

Song Picker

Double click an item to add it to the Playlist. You can add folders to select items from, by clicking on add Folders in the Picker, and they can be deleted by selecting them and pressing the DELETE key. You can use the box on the left to view files in a folder by clicking the box and a tick will appear indicating those files are showing. You can also find songs by typing in the first line, either you can start with the focus on the song list or with it in the box above the list. If the focus is on the list it will move to the typed song. If the focus is in the box above then it will leave only the typed song in the list or those with a part typed first line.

Power Point Showing screen

This displays the slides for that show you can either use the buttons at the top or you can click on the slide you want. If the Power Point
presentation has timings set, then it will advance as per those settings. When you want to go to next item just click the next button.

Words Showing screen

This shows the song that is being displayed, the light highlighted
colour showing what is actually being displayed. The dark highlighted colour centres the words when scrolling

Preview

Double clicking a song in the playlist you will be able to select to view the song.

Editor

Can be opened from the menu or by selecting song in play list and pressing “E”. Verses/chorus need to be selected and then click “V” or “C” to indicate which they are to the programme. Then save to the folder of choice.

Print Play List

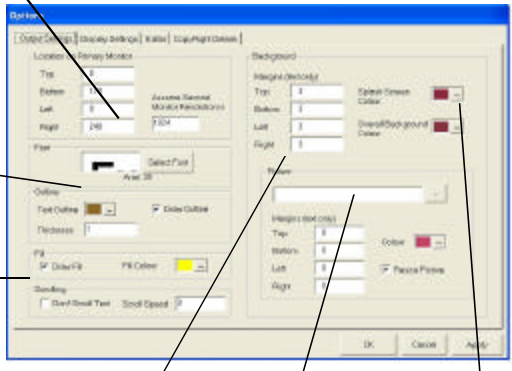
This will load the songs in the playlist into columns in a word document where you can arrange as required and add a header if required and then print.

Copyright Editor

Select the song in the Playlist and then press “C” this will open the editor. Insert information of copyright author and then save. This information will be displayed according to settings in the Options after the last verse.

OPTIONS

The size of the small inset screen which is displayed automatically if no second monitor (Projector) is found can be altered. The ratio must be maintained for it to display correctly, also an assumed resolution for the primary monitor must be entered.



The display font size, colour, outline colour, and width of outline can all be altered.

Scrolling of text can turned ON/OFF or the speed altered.

The text display margins on the background can be altered, together with the colour.

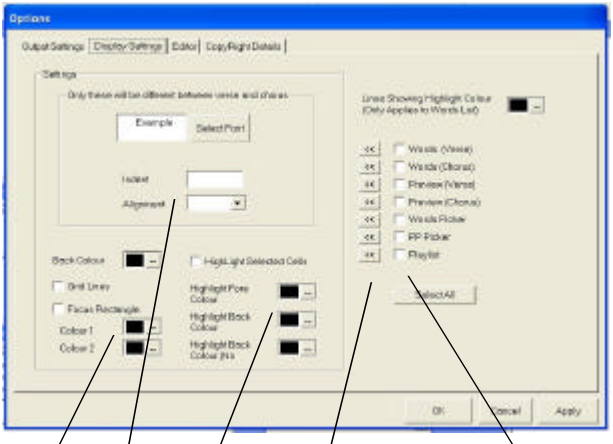
The splash screen colour can be changed, this will only show if you set the margins of the picture smaller that of the background.

A background image can be displayed by adding a file path and name in the box. If removing make sure all letters and spaces are removed, to get it to display the background colour again.

Settings can be applied by clicking apply, or by clicking OK which will apply the settings and exit the option page.

Display Settings

All the Picker, viewer, words forms can be customised by font size, colour, highlight etc on the Display Settings.



Set required settings here

Tick box/es to apply to

This loads existing settings on left hand side

Click apply to save settings or click OK which will save settings and exit.

Editor settings can be set on the Editor Tag this allows you to change font size and colour for verse or chorus.

Copyright settings can be set on the Copyright tag this allows you to position and change font size and colour, and also display your CCLI number.
